

Nature Weaving!

1

This is the fun bit, go on a nature treasure hunt! Find 4 good sized sticks and some leaves. What about some feathers? Remember, only collect things that have already fallen on the ground!

YOU WILL NEED:

- A ball of string
- Scissors

2

Start building a frame! Make a little knot to tie two sticks together, then wrap your string round some more to secure it. Repeat on all four corners

4

Weave your items "in and out" of the strings to make sure it is nice and secure. Why not add some colourful petals or dandelions?

3

Once you have your stick frame, take some more string and wrap round. This will create your weaving frame

5

Step back and admire. Hang nearby and enjoy!
