

What you will need:

- Card (black or blue)
- 1 table spoon self-raising flour
- 1 table spoon salt
- A little water
- Paint, paper, printout
- Scissors & glue

1

Mix your self-raising flour and salt, then gradually add some water. Mix into a paste - not too runny!

2

Get a brush and start painting! The paint is a little bit tricky, so you may want to practice first. Try putting the paint into a squeeze bottle if easier. You can add paint now or after the next step

4

Take your creation out and admire the PUFFED UP PAINT. You can add more paint, details or cut out Poppy Cat and friends to add to the collage!

3

Once you are happy, pop it into the microwave for 20 - 30 seconds. Microwaves do vary, so experiment with yours and start with less time first.

5

Now you are finished, all that is left to do is admire your puffy snowman!

Thanks to Maggy Woodley, a passionate crafter and mum of two. Find all her crafty ideas on Red Ted Art www.redtedart.com

Special thanks to Pippa age 4 and Max age 6!

PUFFY SNOWMAN!
