

# Watering Can!

You will need:

- Plastic bottle
- Poppy Cat print out
- Scissors
- Glue

1

Begin by cutting out all your decorations

2

Ask an adult to make some holes into the plastic bottle top using a sharp tool. Please let only grown ups do this!

4

Now add another layer of glue over the top to "seal it"

3

Add lots of glue to your Poppy Cat cut outs and place on your bottle

5

Let everything dry, then you are ready to use your watering can!
